

## SMB Information Security Seminar (2009)

### Exercise 1 – Identifying and Prioritizing Your Organization’s Information Types

1. Think about the information used in/by your organization.
2. Then list and prioritize the 5 most important types of information used in your organization. Enter them into the table below
3. Identify the system on which each information type is located

**Table 1 The 5 Highest Priority Information Types In My Organization**

Priority	Information Type	On Which System?
1		
2		
3		
4		
5		

Use this area as your “scratch pad”

Once you finish this exercise, fill out the full table for all your important business information.
