

Agenda for HIPAA WORKSHOP

January 16, 2008

Inclement Weather Plan: The workshop will follow NIST Gaithersburg Inclement Weather Plan. If NIST is closed due to weather, the workshop will be cancelled and the registrations refunded. If NIST is opened on a delay, the workshop will also have the same delay. In the case of inclement weather please check (301) 975-8000 or Toll-Free (800) 437-4385.

When Federal offices in the District of Columbia are closed, NIST will not necessarily close because unique situations affecting the downtown area may not apply to the NIST campus.

0700 -- 0900	Registration
0900 -- 0915	Welcoming Comments – NIST Health IT Staff
0915 -- 0945	Keynote Address: Mr. Anthony Trenkle, Director of OESS CMS
0945 -- 1100	NIST SP 800-66. New threats, vulnerabilities, and technologies.
1100 -- 1115	Break
1115 -- 1200	Automation of technical security requirements. (Leveraging S-CAP).
1200 -- 1245	HIE security standards selection. Who are they and how they might affect you.
1245 -- 1345	Lunch
1345 -- 1515	Challenges, tips, techniques and issues surrounding implementing the HIPAA Security Rule. An industry perspective.
1515 -- 1530	Break
