

G.B. CAZES

QUALIFICATIONS

G.B. has ten years of experience in the Information Management and Information Technology fields. His experience includes working in the international, commercial and government markets. Previous leadership duties include serving as the Assistant Director of the Information Technology Consulting Department and as the Director of Telecommunications Management Department for a locally headquartered IT consulting and software development company.

Today, G.B. oversees many of the CIC operations and is responsible for leading the CIC's Academic Outreach and Workforce Development Program. This program is building a knowledge-based workforce in our region by focusing on professional development, STEM education, and 21st Century Skills.

G.B. Cazes has a Bachelors of Science in both Business and Finance and was awarded a Masters in Business Administration from Centenary College in May 2011.
