NAME OF SUBMITTER: Melissa Guenther, LLC and Kristy Westphal

ORGANIZATION: Department of Economic Security State of Arizona

EMAIL: mguenther@cox.net

TYPE OF ENTRY (POSTER, WEBSITE, AND/OR TRINKET): Website

TITLE OF ENTRY:
Department of Economic Security Security Awareness Intranet website

DESCRIPTION OF ENTRY:
• To improve cybersecurity, you must create a culture where employees have the necessary knowledge (what to do), skill (how to do), and attitude (want to do).
• Therefore, to successfully modify or change behavior, security awareness must be part of an intentional, systematic organizational change effort that adjusts "attitudes" and reshapes values and norms.
• The DES Security Awareness website is just part of a systemic effort in creating that awareness.
