

FISSEA Security Awareness, Training, & Education Contest 2010

Entry Form

Motivational Item

Entry Form

Motivational Item

Name of submitter: Kathy Tucker on behalf of the IRS Security Awareness Team

Organization: IRS

Type of entry: Motivational Item

Title of Entry: Reusable Tote Bag

Description of Entry:

For security to be effective, each of us as well as the supporting security organizations, must do our part. To reflect that theme, the following tote bags feature a puzzle logo with the pieces depicting the security organizations and the missing piece as “You” (referring to all employees). All of these pieces together complete the security program.

These reusable bags are lightweight and tough and were provided to employees attending security awareness activities and events. Employees use them regularly to transport items to, from, and around the workplace. Each time they are used or seen, they remind employees of their role in security.
