Purpose of Meeting:

The Federal Computer Security Program Managers’ Forum (Forum) is an informal group sponsored by NIST to promote the sharing of information system security information among federal agencies. The Forum hosts half-day meetings and a 2-day conference to discuss current issues and items of interest to those responsible for protecting non-national security systems across the federal government each fiscal year. The Forum plays a valuable role in helping NIST to share information directly with federal agency information security program managers in fulfillment of NIST’s cybersecurity leadership mandate under the Federal Information Security Modernization Act (FISMA).

The meeting included presentations on:

- **Panel Discussion on Implementing a CUI Program**, Panelist include:
  - Ned Goren, Information Technology Specialist, National Institute of Standards and Technology (NIST)
  - Roger Clark, Senior Advisor, National Programs and Commerce CUI Program Manager, Department of Commerce (DOC)
  - Alen Kirkorian, Division Chief, Innovative Strategy and Security Office of the Chief Architect, Department of State (DOS)
  - Damon Shivvers, Branch Chief, Security Control Assessments, Naval Information Warfare Center (NIWC) Atlantic

The Continuing Education Units form is provided as a courtesy. It is the responsibility of the attendee to complete and submit with their certifying authority.
