

Chemical Ind. Co. Ltd, (2) Hebei Dianchang Chemicals Co. Ltd., (3) Jinan Subang Fine Chemical Co., Ltd., (4) Zhejiang Hongda Chemicals Co., Ltd., and (5) Zhejiang Transfar Whyyon Chemical Co., Ltd.<sup>4</sup> On July 10, 2024, Commerce placed U.S. Customs and Border Protection (CBP) entry data for U.S. imports of the subject merchandise during the POR on the record for respondent selection purposes.<sup>5</sup> On July 17, 2024, Archroma submitted comments on the CBP data.<sup>6</sup> On August 2, 2024, we re-released the CBP data because our first CBP data release inadvertently did not include all of the possible company names combinations.<sup>7</sup> On August 9, 2024, Archroma submitted comments on the re-release of the CBP data.<sup>8</sup>

On September 6, 2024, Commerce notified all interested parties of its intent to rescind the instant review in full because there were no reviewable, suspended entries of subject merchandise by any of the five companies listed in the *Initiation Notice* during the POR and invited parties to comment.<sup>9</sup> No parties submitted comments in response to this notice.

### Scope of the Order

The stilbenic OBAs covered by this *Order* are all forms (whether free acid or salt) of compounds known as triazinylaminostilbenes (*i.e.*, all derivatives of 4,4'-bis [1,3,5- triazin-2-yl] <sup>10</sup> amino-2,2'-stilbenedisulfonic acid), except for compounds listed in the following paragraph. The stilbenic OBAs covered by this *Order* include final stilbenic OBA products, as well as intermediate products that are themselves triazinylaminostilbenes produced during the synthesis of stilbenic OBA products.

Excluded from this *Order* are all forms of 4,4'-bis[4-anilino-6-morpholino-1,3,5-triazin-2-yl] amino-2,2'-stilbenedisulfonic acid, C<sub>40</sub>H<sub>40</sub>N<sub>12</sub>O<sub>8</sub>S<sub>2</sub> ("Fluorescent Brightener 71"). This *Order* covers the above-described compounds in any state (including but

not limited to powder, slurry, or solution), of any concentrations of active stilbenic OBA ingredient, as well as any compositions regardless of additives (*i.e.*, mixtures or blends, whether of stilbenic OBAs with each other, or of stilbenic OBAs with additives that are not stilbenic OBAs), and in any type of packaging.

These stilbenic OBAs are classifiable under subheading 3204.20.8000 of the Harmonized Tariff Schedule of the United States ("HTSUS"), but they may also enter under subheadings 2933.69.6050, 2921.59.4000 and 2921.59.8090. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

### Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an antidumping duty order where it concludes that there were no reviewable entries of subject merchandise during the POR.<sup>11</sup> Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate for the review period.<sup>12</sup> Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the calculated antidumping duty assessment rate for the review period.<sup>13</sup> As noted above, the CBP data results confirmed that there were no entries of subject merchandise during the POR with respect to all of the companies subject to this review. Accordingly, in the absence of reviewable, suspended entries of subject merchandise during the POR, we are rescinding this administrative review, in its entirety, in accordance with 19 CFR 351.213(d)(3).

### Cash Deposit Requirements

As Commerce has proceeded to a final rescission of this administrative review, no cash deposit rates will change. Accordingly, the current cash deposit requirements shall remain in effect until further notice.

<sup>11</sup> See, e.g., *Dioctyl Terephthalate from the Republic of Korea: Rescission of Antidumping Administrative Review; 2021–2022*, 88 FR 24758 (April 24, 2023); see also *Certain Carbon and Alloy Steel Cut-to-Length Plate from the Federal Republic of Germany: Rescission of Antidumping Administrative Review; 2020–2021*, 88 FR 4154 (January 24, 2023).

<sup>12</sup> See 19 CFR 351.212(b)(2).

<sup>13</sup> See 19 CFR 351.213(d)(3).

### Assessment Rates

Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Because Commerce is rescinding this review in its entirety, the entries to which this administrative review pertained shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 35 days after the publication of this notice in the **Federal Register**.

### Notification Regarding Administrative Protective Order

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of the APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with regulations and terms of an APO is a violation, which is subject to sanction.

### Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: September 24, 2024.

[RTID 0648-XE287]

**Fisheries of the Exclusive Economic Zone off Alaska; Application for an Exempted Fishing Permit**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; receipt of application for exempted fishing permit.

**SUMMARY:** This notice announces NMFS' receipt of an application and the public comment period for an exempted fishing permit (EFP) from Trident Seafoods. If issued, this permit would allow the applicant to develop and test modifications to the footrope of pelagic trawl gear. The purpose and goal of this EFP, if issued, would be to exempt participating vessels from complying with the regulation defining the footrope for pelagic trawl gear. Field testing would be conducted between January 20, 2025 and December 31, 2027, and the EFP would expire at the end of that period. This experiment would test trawl gear design that aims to minimize seafloor contact by the footrope when targeting pollock that are on or near the seafloor and thus promote the objective of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) to protecting habitat that fish need to spawn, breed, feed, and grow to maturity.

**DATES:** Comments on this EFP application must be submitted to NMFS on or before October 15, 2024. The North Pacific Fishery Management Council (Council) will consider the application at its meeting from September 30, 2024 through October 8, 2024.

**ADDRESSES:** The Council meeting will be held virtually and in person in Anchorage, AK. The agenda for the Council meeting is available at <https://www.npfmc.org>. In addition to submitting public comments during the Council meeting through the Council website, you may submit your comments, identified by NOAA-NMFS-2024-0106, by either of the following methods:
