

**Multi-Cloud Security Public Working Group
ZTA/ATO Focus Groups Meeting Summary
May 9, 2024, 3:00 to 4:00 PM EST**

Topics included:

- Reviewed inputs from Chris and Abdul.
- Discussed how we can normalize and collect challenges.
 - Michaela suggested categorizing comments to sort through them.
 - Chris asked if we could create a survey. Micheal advised that NIST would have to approve all external surveys.
- Discussed working group challenges:
 - WG does not have broad participation.
 - Only a few participants per meeting.
- Reviewed Chris's list of challenges.
- Discussed multi-cloud and hybrid-cloud definitions.
- Decided that WG will concentrate on multi-cloud challenges.
 - How do we get more input from participants?
- Discussed types of publications-NIST Interagency Report (IR) and Special Publication (SP)

Next Steps:

- For the next WG meeting participants will conduct an interview or list challenges.
- Provide ideas on how to normalize content:
 - How to combine information.

The next ZTA/ATO focus group meeting will be on 5/30/2024 at 3 PM EST.
