

**Multi-Cloud Security Public Working Group
ZTA/ATO Focus Groups Meeting Summary
August 22, 2024, 3:00 to 4:00 PM EST**

Meeting included:

- Discussing the process of selecting challenges.
- Reviewing challenges spreadsheet.
 - Discussed spreadsheet gaps (i.e., blank categories)
- Reviewing Aggregated Challenges Categorization document created by Chris Carpenter.
- Selecting individuals to address specific set of challenges in specific families.

Next Steps

- Complete the categories in the spreadsheet.
 - The orphans in tab “sorted_related_challenges”, column “D” need to be completed.
 - Evaluation Criteria:
 - Are challenges related to multi-cloud?
 - “Does it make sense?”
 - User criteria: “Is it specific to multi-cloud.”
- In the Aggregated Challenges Categorization document, if volunteers finish their categories, then they can take an available category. **If any working group member would like to volunteer to take a section, please update the document with your name.**
 - Completion date is 9/5/2025.
 - Summary of Steps
 - Look at all challenges.
 - Identify commonalities.
 - Identify gaps.
 - Describe challenges.
 - Why is this challenge important?

Next meeting is September 5, 2024.
