Good morning,

Thank you for the opportunity to comment on the CUI series of publications. My suggestion is to please add more emphasis, visibility, notice, etc. to the additional 61 NFO controls currently located in Appendix E, *Tailoring Criteria*, of NIST SP 800-171r2. It seems, at least in my experience when conversing with other parties, that they are largely overlooked in comparison to the 110 numbered CUI controls found in Chapter Three, *The Requirements*.

Respectfully,

Evan Bradley, ISSM
